

## FIRE SAFETY EDUCATION

On Wednesday February 1st the Broward Sheriff's Office Department of Fire Rescue participated in The Sagemont Lower School's Campus Career Day.

Special Projects Coordinator Courtney Palmer and the crew from Tower Ladder 81 in Weston (Captain Rybak, Driver/Engineer Rao, Fire Fighter/Paramedic Murtha, and Fire Fighter Laiacona) presented a public education program to 88 very excited pre-K and Kindergarten students.

Students were taught the importance of 9-1-1; the difference between tools and toys; and that firefighters are our friends. After the presentation, students had the opportunity to tour Tower Ladder 81 and see the tools and equipment that is on the truck and used on rescue calls, as well as each had an opportunity to sit up in the driver's seat.
