

FIRST STEPS INTERNATIONAL ACADEMY RECEIVES A SPECIAL VISIT

On Thursday, February 16, 2012, fire fighters from the Department of Fire Rescue and Emergency Services / Weston District participated in a community outreach event at First Steps International Academy.

Life Safety Educator Pamela Gorman facilitated fire safety education presentations for approximately 100 preschool students. The children enjoyed learning about the fire fighter's gear, the equipment on the fire engine, and that fire fighters are our friends. The children also received an opportunity to meet the fire fighters, who provided them with a tour of the fire engine.
