It must be executed (signed and notarized) by the property owner. Signatures by agents, owner representatives, or individuals other than the property owner will not be accepted.

- \_\_\_\_\_ 1. I am the legal owner of the property described above.
- \_\_\_\_\_ 2. I acknowledge that approval may be required from a homeowners association or other entity which regulates or otherwise governs the community, neighborhood, or development in which my property is located.
- \_\_\_\_\_ 3. I acknowledge that I am responsible for any additional costs that may be assessed by the City of Weston and/or the entity regulating or governing the subject property as a result of my not having obtained the necessary approvals from any entity or association that may regulate or otherwise govern the community, neighborhood, or development in which my property is located.
- \_\_\_\_\_ 4. I understand that permit fees are due at the time the application is submitted.
- \_\_\_\_\_ 5. I understand that building permits are required to be signed by a property owner.
- \_\_\_\_\_ 6. I understand that the construction must comply with all applicable laws, ordinances, building codes, and zoning regulations.
- \_\_\_\_\_ 7. I understand that inspections are required under this permit, and that the approved set of plans stamped by this office, and the building permit/inspection card must be available to the inspector. Otherwise, a re-inspection with additional fees may be assessed.
- \_\_\_\_\_ 8. I understand that an inspector may require access to interior components in order to complete an inspection. If the inspector is unable to gain access as part of a scheduled inspection, a re-inspection with additional fees may be assessed.
- \_\_\_\_\_ 9. I understand that this permit will expire if work is not begun within 180 days from the date the permit is issued. Additionally, if work is suspended or abandoned for a period of 90 days, the permit is deemed expired. Once expired, permits must be renewed prior to any further work or inspections being accomplished. (Florida Building Code Section 105.23.3).
- \_\_\_\_\_ 10. I understand that if this permit expires it becomes null and void. Failure to schedule all required inspections, or otherwise ensure the permit is closed may result in this file being forwarded to Code Enforcement or the Unsafe Structures Board for a further

determination. Action by either of these entities could result in fines being imposed and/or liens being placed against your property.

- 11. Licensed contractors are regulated by laws designed to protect the public. If you contract with a person who does not have a license, the Construction Industry Licensing Board, the Department of Business and Professional Regulation and the building department may be unable to assist you with any financial loss that you sustain as a result of a complaint. Your only remedy against an unlicensed contractor may be in civil court. It is also important for you to understand that, if an unlicensed contractor or employee of an individual or firm is injured while working on your property, you may be held liable for damages. If you obtain an owner-builder permit and wish to hire a licensed contractor, you will be responsible for verifying whether the contractor is properly licensed and the status of the contractor's workers' compensation coverage.
- 12. I understand that final inspection(s) must be scheduled by the permit holder and approved by the City to properly document completion of work and closure of the permit. Failure to do so will result in an open permit status in the public record, which may prevent future real estate transactions from occurring.
- 13. Issuance of a development permit by the city does not in any way create any right on the part of an applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the city for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law. All applicable state and federal permits must be obtained before commencement of the development.

## BUILDING CODE SERVICES OWNER-BUILDER AFFIDAVIT

Owner Name: \_\_\_\_\_

Subdivision: \_\_\_\_\_ Lot/Block: \_\_\_\_\_

Property Address: \_\_\_\_\_

I am applying for a Building Permit pursuant to the Owner Builder exemption set forth in Florida Statute 489.103. Florida law requires that I attest to the following statements. **BY SIGNING THIS STATEMENT, I ATTEST THAT:** (Initial to the left of each statement)

I understand that state law requires construction to be done by a licensed contractor and have applied for an owner-builder permit under an exemption from the law. The exemption specifies that I, as the owner of the property listed, may act as my own contractor with certain restrictions even though I do not have a license.

I understand that building permits are not required to be signed by a property owner unless he or she is responsible for the construction and is not hiring a licensed contractor to assume responsibility.

I understand that, as an owner-builder, I am the responsible party of record on a permit. I understand that I may protect myself from potential financial risk by hiring a licensed contractor and having the permit filed in his or her name instead of my own name. I also understand that a contractor is required by law to be licensed in Florida and to list his or her license numbers on all permit and contracts.

I understand that I may build or improve a one-family or two-family residence or a farm outbuilding. I may also build or improve a commercial building if the costs do not exceed \$75,000. The building or residence must be for my own use or occupancy. It may not be built or substantially improved for sale or lease. If a building or residence that I have built or substantially improved myself is sold or leased within in 1 year after the construction is complete, the law will presume that I built or substantially improved it for sale or lease, which violates this exemption.

I understand that, as the owner-builder, I must provide direct, onsite supervision of the construction.

I understand that I may not hire an unlicensed individual person to act as my contractor or to supervise persons working on my building or residence. It is my responsibility to ensure that the persons whom I employ have the licenses required by law and by county ordinance.

I understand that it is frequent practices of unlicensed persons to have the property owner obtain an owner-builder permit that erroneously implies that the property owner is providing his or her own labor and materials. I, as an owner-builder, may be held liable and subjected to serious financial risk for any injuries sustained by an unlicensed person or his or her employees while working on my property. My homeowner's insurance may not provide coverage for those injuries. I am willfully acting as an owner-builder and am aware of the limits of my insurance coverage for injuries to workers on my property.

I understand that I may not delegate the responsibility for supervising work to a licensed contractor who is not licensed to perform the work being done. Any person working on my building who is not licensed must work under my direct supervision and must be employed by me, which means that I must comply with laws requiring the withholding of federal income tax and social security contributions under the Federal Insurance Contributions Act (FICA) and must provide workers' compensation for the employee. I understand that my failure to follow these laws may subject me to serious financial risk.

I agree that, as the party legally and financially responsible for this proposed construction activity, I will abide by all applicable laws and requirements that govern owner-builders as well as employers. I also understand that the construction must comply with all applicable laws, ordinances, building codes, and zoning regulation.

I am of aware of construction practices and I have access to the Florida Building Code.

I understand that I may obtain more information regarding my obligations as an employer from the Internal Revenue Service, the United States Small Business Administration, the Florida Department of Financial Services, and the Florida Department of Revenue. I also understand that I may contact the Florida Construction Industry Licensing Board at 1-850-487-1395 or at [www.myflorida.com/dbpr/pro/cilb/](http://www.myflorida.com/dbpr/pro/cilb/) for more information about licensed contractors.

I am aware of, and consent to, an owner-builder building permit applied for in my name and understand that I am the party legally and financially responsible for the proposed construction activity at the address listed below.

I agree to notify the building department immediately of any additions, deletions, or changes to any of the information that I have provided on this disclosure or in the permit application package.

Licensed contractors are regulated by laws designed to protect the public. If you contract with a person who does not have a license, the Construction Industry Licensing Board, the Department of Business and Professional Regulation and the building department may be unable to assist you with any financial loss that you sustain as a result of a complaint. Your only remedy against an unlicensed contractor may be in civil court. It is also important for you to understand that, if an unlicensed contractor or employee of an individual or firm is injured while working on your property, you may be held liable for damages. If you obtain an owner-builder permit and wish to hire a licensed contractor, you will be responsible for verifying whether the contractor is property licensed and the status of the contractor's workers' compensation coverage.
